

On the Subject of The Button (Translated)

You might think that a button telling you to... What does it say, exactly?

This module is identical to The Button, but the label is in a different language. Check if there is a barcode sticker on the module with label "XX V#", where XX is a two or three letter language code, and # is a digit. If there is no sticker, you are not looking at a translated The Button module.

Perform the instructions as found on the manual page for The Button, using the table below to help translate the button's label.

Language	Press	Hold	Abort	Detonate
